

LAP BLANKETS BABY HATS AND BLANKETS

Ongoing and can be collected throughout the year

Baby Blankets and Baby Hats

Baby blankets and hats can be crocheted or knitted. Do NOT use wool. You can use your favorite pattern or you can contact the WAC Director for a pattern if you do not have one, there are also a couple of patterns at the end of the packet. Have fun with the project. Return completed blankets/hats to the WAC Director so they can be delivered to the facilities who will accept them. Can't wait to see the blankets and hats you create.

Lap Blankets for patients at local nursing homes, hospitals and hospice.

Lap blankets are always appreciated by your local nursing homes, hospitals and the hospice unit at RI Hospital. These lap blankets can make a big difference for many patients such as making them feel special, wanted and just that someone thought of them. Do NOT use wool. Use cheerful colors for the blankets going to the nursing homes, hospitals and hospice.

Lap Blankets for Veteran's

The colors of the blankets for the Veteran's home will be red, white and blue in honor of our country's 250 birthday. Do NOT use wool. Granny squares for the lap blankets can be done by everyone at each Grange. It takes 48 squares to make one blanket. After they are made and joined together, give to the WAC Director or a Committee member. Granny squares that are not joined together, can be brought to our "make a quilt square day" on March 22, 2026 at the Summit Baptist Church and we will join them on that that day. Other patterns of your choice can all also be used, however, please use red, white and blue yarn.

- The measurements for the blankets to be given to nursing homes, hospitals and the Veteran's home are 36" or 38" by 44".
- The measurements for the blankets to be given to hospice are 36" x 48".

*Please keep a record of how many were donated from your Grange, so that you can included this number in your report.

*Put the blankets into a plastic bag and include the name of the Grange making the donation.

*Please bring all blankets to the WAC Director or to a Committee member.
